Key Investor Information

This document provides you with key investor information about this Sub-Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

INCOME EUROPE (the "Sub-Fund"), a Sub-Fund of EDMOND DE ROTHSCHILD FUND (the "Fund")

Share Class A EUR (the "Class") - LU0992632538

Management Company : Edmond de Rothschild Asset Management (Luxembourg)

Objectives and Investment Policy

Investment objective : The Sub-Fund aims to provide a return of 4% p.a over the recommended investment period by investing in European equity and fixed income securities which offer attractive yields and sustainable dividend payments issued by companies that meet environmental, social and governance (ESG) criteria.

Benchmark: None.

The Sub-Fund is actively managed and is not managed in reference to a benchmark index.

Investment policy : The Investment Manager will systematically include environmental, social and governance (ESG) factors in their financial analysis in order to select the highest-rated companies.

At least 90% of portfolio companies receive ESG rating. The selection process includes a positive screening by selecting through a best in universe approach and a negative screening, whereby the Investment Manager has established a formal exclusion policy that integrates the exclusion of controversial companies related to weapon, coal and tobacco. Further details on the responsible investing approach applied on the Sub Fund can be found on the Investment Manager website: <https://www.edmond-de-rothschild.com/en/Pages/Responsible-investment.aspx>.

The Sub-Fund classifies as Article 8(1) SFDR as it promotes a combination of ESG characteristics, although no reference benchmark has been designated for the purpose of attaining the environmental or social characteristics.

In view of its ESG strategy, the Sub-Fund promotes environmental characteristics but does not invest in environmentally sustainable economic activities. The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities, in the context of the Taxonomy Regulation.

The Sub-Fund will invest at least 50% of its net assets in corporate bonds denominated in euro.

Depending on the Investment Manager's expectations, the Sub-Fund exposure to European equity markets will be maintained within a range of 0% to 50% of the Sub-Fund's net assets.

The portfolio duration will be maintained within a range of 0 to 7.

The Product may invest up to 100% of its net assets in eligible Transferable Securities which contain an embedded derivative in order to meet its investment objective.

The recommended holding period is at least 5 years.

Frequency of share buying or selling: Every Luxembourg and France bank business day except for Good Friday, 24 December (Christmas Eve) and the days on which the French markets are closed (official calendar of Euronext Paris S.A.) for orders received by the transfer agent on each NAV calculation day before 12:30 p.m. and processed on the basis of that day's net asset value.

Income allocation: Accumulation

Risk and Reward Profile

The definition of the risk and reward category is based on the historical performance data and/or the risk limit indicated in the Sub-Fund's investment policy. It may not be a reliable indication of the future risk profile of the Sub-Fund. The risk and reward category shown may change over time. Category 1 does not mean that an investment is risk-free. Investors should note that the Sub-Fund is not guaranteed or capital protected.

This Sub-Fund is rated in category 4, in line with the type of securities and geographic regions detailed under the heading "Objectives and investment policy", as well as the currency of the unit.

Significant risks not taken into account in this indicator:

Credit risk : When a significant level of investment is made in debt securities.

Liquidity risk : The markets for some securities and instruments may have limited liquidity. This limited liquidity could be a disadvantage to the Sub-Fund, both in the realisation of the prices quoted and the execution of orders at desired prices.

Impact of techniques such as derivative contracts : The use of derivatives instruments can infer a decrease of the asset more significant than the decrease of the invested underlying assets or markets.

Counterparty risk : Where a Fund is backed by collateral or has significant investment exposure through contracts with a third party.

Operational risk : The Sub-Fund may suffer losses due to the failure of operational processes, including those related to the safekeeping of assets.

The occurrence of any of these risks may negatively impact the net asset value.

Past Performance

Charges and fees are paid to cover the operating costs of the Sub-Fund, including the cost of marketing and distributing share classes. These costs reduce the potential growth of your investment.

Investors may obtain the actual amount of entry and exit charges from their advisor or distributor. In certain cases you might pay less.

The ongoing charges figure is based on the last year's expenses, for the year ending in December 2023. This figure may vary from year to year. It excludes performance fees and intermediary fees except entry and exit charges paid by the Sub-Fund when buying or selling units and/or shares of another UCI.

For more information about charges, including information on performance fees and their calculation, please refer to the Sub-Fund's data sheet in the Fund prospectus.

Past performance is not an indication of future performance. It may vary over time. The performance indicated does not take into account costs and fees on issues and redemptions of units, but does include ongoing charges and intermediary fees as well as any performance fees collected.

Past performances are calculated in EUR, net dividends reinvested.
